To Whom it may concern,

As an investor and U.S. citizen, I think it's high time that the U.S. Gov. stopped spending our tax money on the pursuit of one of the most successful companies in the U.S. at the behest of a small group of well funded special interests. Former and current U.S. officials have been paid to lobby against the settlement, these are the only voices of dissention, most people, myself included, only to want this witch hunt to end. Let the market sort it out, not results purchased by special interests. Our enemies are outside our borders, we don't need to be torn apart from within.
